Childhood Obesity

(Pardon me in advance for the short re-cap. I seem to have gotten sausage grease, cheese, and strawberry jelly on my notes.)
Deb Brase, Communications Manager for the Owatonna Hospital, joined us to discuss the problems of Childhood Obesity in our community. Some of the items she shared:

- The percentage of Americans who are obese is decreasing dramatically, across all geographic, demographic, and socio-economic categories.
- Obesity is now the #1 preventable cause of death in rural America.
- The issues are many – one of them is “portion distortion”. For example, a standard bagel was 140 calories, 20 years ago. Today, a standard bagel has 350 calories – before cream cheese!

Thank you, Deb, for an informative presentation.

(A little more exercise wouldn't hurt, either)
